Sunday night

Dear Billy,

You certainly must have been thinking about me some today for I've been wondering what you have been doing all day. How goes the life of luxury by now? Sometime next Sunday I expect you will get back home and get ready to settle down to the old grind again.

I saw a swell hockey game last night, The Phila. Ramblers played New Haven and beat them 2 to 1. They sure were rough but nobody got hurt. When I got home and before getting in bed I sniped your new radio from your room and put it in mine, so I could listen to it in bed as you do. Maybe I won't give it back when you get home?!!

This morning I got up at eight and

cooked a better breakfast than the one you had
c'd bet. I had prunes, fried egg, bacon
and potato, toast and coffee. Then went
to Sunday School, getting there on time,
what do you think of that? I didn't see
anything of Bobby Gibson afterward, so
later on went down to see him. Also
saw Charles & Lunny. They were just
bumming around in the house — too
cold to play out, and thought you were
pretty lucky even if it is colder than
usual in Florida.

Bobby explained that Tuesday is the
last day of school for this coming week
and the day the reports are given out. He
agreed to see Miss Foster and get your
report if they will give it to him; also
will get your new roster for next term,
if he gets these I will get them
from him Tuesday evening and send
them on down to you. After Tuesday there

is no school all week until the next Monday when there is a short session for about an hour. So you see you will be home in time to start the 2nd Term.

Around noon time I took Brownie in the car up to Valley Green to see if there was any skating and found that there was. Brownie and I took a walk along the bank for a while and then we came home. The first thing he did when he got back in the house was to listen and then go smell the stairs to the second floor to see if you had come in while we were out.

I made some cocoa for lunch —
had 2 cups, so I won't lose any weight and
then got my skates and sweaters and
went back to Valley Green. The ice is
fair, but rough in places. The snow has
been pushed off so you can go down as
far as the dam and boathouse. The park
guards have rigged up a victrola with
loud speakers so they skated to waltz music
which was very nice. I saw the little
girl who lives across the street and as
usual she asked me "Where's Billy?"

I didn't stay on the ice so long as I
got tired and so came home and
took a little nap. Then got ready and
drove down town to come here for my
dinner which I have just finished. I
thought it would be nicer here than in some
restaurant. Had chicken and rice. Also
I can write this letter to you and put it
in the post office on my way home.

I am in the library near the radio and
somebody has turned on Jack Benny, so
guess I will listen after closing this
letter.

Have a good time and see as much
as you can, for you realize that you may
not get a chance to see Florida again
for many years — maybe not again
all your life. I sure hope it gets
warm this week, it seems warmer here
today and the paper says warmer to-
morrow.

So Long — see you soon! Love

Happy XXXXXXXXXXXX

P.S. I got a good laugh about the dog races.
